ALLISON

LUXO|LIVING

Queen/King Size Bed

Assembly requires at least 2 people

Extra tools you may need

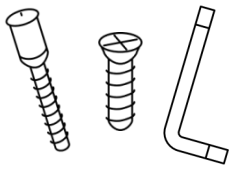

For quicker assembly, we recommend the use of a power drill on a low-speed setting.

ASSEMBLY INSTRUCTIONS

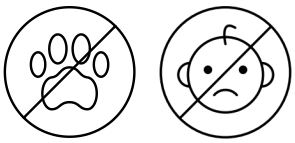

THANK YOU FOR YOUR PURCHASE!

We hope you enjoy this product as much as we enjoyed making it!
We suggest you spend **5 minutes** in reading these tips
before assembling the unit. Strictly follow the instructions step by step.

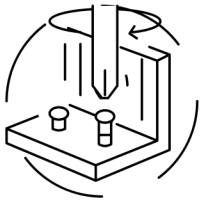

Tool Check

Check contents to ensure that you have the specified quantity for all identified parts and metal fittings.

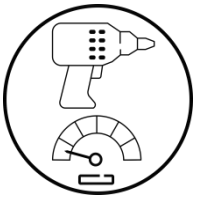

Safety Check

Keep children and pets away from working area as unit has small parts that are choking hazards if swallowed.

Easier Assembly Tip

We strongly advise that all fittings be finger-tightened during the initial assembly phase. You may fully tighten them all once assembly is complete.

Use of Power Tool

We recommend the use of a power drill on a low-speed setting for quick assembly.

ASSEMBLY STEPS

GREAT JOB. YOU'RE DONE!

To move the assembled unit, please lift it up and do not drag to avoid damaging the middle part.

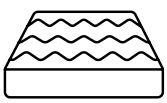

When you assemble this bed, please make sure all screws are fastened tightly. After one or two months, please recheck and make sure all screws are still tight.

Before using this bed, please check if the supports under the bed are in an upright position. Ensure that they are always in an upright position.

The Queen Size bed can hold weight of up to 220kg. The King Size bed can hold weight of up to 250kg. using a 20cm spring mattress; we don't recommend the use of foam mattress.

CARE INSTRUCTIONS

ALLISON Queen / King Size Bed · Upholstered fabric care

UPHOLSTERY CARE – VELVET & BOUCLÉ

Do not use wood cleaner or wood polish on the upholstered fabric. Wood-care products are not intended for velvet or bouclé upholstery and may damage, stain, or leave residue on the fabric. Do not use bleach, abrasive products, or solvent-based cleaners.

Vacuum the upholstery regularly using a clean upholstery attachment on low suction. Work gently and avoid pressing hard, snagging loops, or aggressively brushing the fabric. For velvet, avoid rubbing or scrubbing the pile.

For spills, act promptly. Gently blot with a clean, dry, white, absorbent cloth. Do not rub, scrub, or soak the fabric. Repeat with a clean part of the cloth as needed.

For stains, use only a fabric/upholstery cleaner whose product label explicitly confirms it is suitable for the specific upholstery fabric on your bed. Test it first on a small, hidden area and follow the cleaner manufacturer's directions. Do not apply cleaner directly in excess or saturate the upholstery. If the fabric type or cleaner suitability is uncertain, consult a professional upholstery cleaner or customer support before treating the stain.

SUNLIGHT & ENVIRONMENT

Avoid prolonged direct sunlight. Keep the bed indoors in a dry, well-ventilated environment and avoid prolonged exposure to moisture.

FLOOR, FRAME & GENERAL MAINTENANCE

Use suitable floor protectors where needed to help prevent scratches. Do not drag the assembled bed when moving it; lift it carefully with sufficient help. Do not exceed the stated weight capacity. Check that all screws and fittings remain secure after assembly and recheck them after one or two months. Before use, make sure the supports under the bed are upright.

Thank you for your purchase. We hope you enjoy your furniture!

LUXO LIVING

LED LIGHTING – POWER & SAFETY

ALLISON Queen / King Size Bed

POWER SPECIFICATIONS

LED strip: HZY-2835-60D-12V · 12V DC · 2A
Power adapter: SG-120200024AS
Adapter input: 100–240V AC · 50/60Hz · 0.6A max
Adapter output: 12V DC · 2A · 24W

POWER CONNECTION

Use the power adapter supplied with the bed. Connect the adapter to the matching LED strip connector. Make sure the adapter output is 12V DC, 2A before use. Do not use an adapter with a different voltage. Never connect the LED strip directly to a wall outlet.

ELECTRICAL SAFETY

- Unplug the adapter before assembling, moving, or cleaning the bed.
- Keep the adapter, plug, cables, and connectors dry.
- Keep cables away from sharp edges and moving parts. Do not trap or pinch cables under the bed frame.
- Do not use the lighting if any cable, plug, adapter, or connector is damaged or unusually hot.
- Do not open, modify, or repair the adapter or wiring.
- Keep electrical parts out of reach of children.

If the power adapter or LED connection does not match the specifications above, stop and contact customer support.
