Ana 2 Drawer Fluted Bedside Table

CARE INSTRUCTION

Follow these basic steps to protect your furniture.

Clean Gently

Use a soft, damp cloth to clean the surface.

Use mild soap only if necessary, then wipe dry immediately.

Do not use abrasive sponges, scouring pads, or harsh cleaning agents such as bleach, alcohol, acetone, or chemical cleaners, as these may damage the painted finish.

Daily Protection

Use coasters, trays, or protective pads to help prevent scratches, stains, and heat damage.

Do not place hot items directly on the surface.

Avoid dragging sharp or heavy objects across the furniture.

Moisture & Environment

Wipe up spills immediately.

Avoid prolonged exposure to water or high humidity.

Keep the table away from direct sunlight and strong heat sources to help prevent fading, discoloration, or surface deterioration over time.

Additional Protection

Lift rather than drag the furniture when moving it.

Avoid placing rubber, plastic, or dyed materials directly on the painted surface for extended periods, as they may cause marking or discoloration.

For added protection, a tabletop protector may be used to help prevent liquids or stains from coming into direct contact with the surface.

***Again, we thank you for your purchase.
You've made our day, and we hope you have a great one too!
Enjoy your furniture!***
