GREAT JOB. YOU'RE DONE!

To move the assembled unit, please lift it up and do not drag to avoid damaging the middle part.

When you assemble this bed, please make sure all screws are fastened tightly. After one or two months, please recheck and make sure all screws are still tight.

Before using this bed, please check if the supports under the bed are in an upright position. Ensure that they are always in an upright position.

Our queen size bed can hold weight of up to 300kg only with spring mattress over 20cm thick. We don't suggest the use of foam mattress.

CARE INSTRUCTION

Follow these basic steps to protect your furniture.

Clean Gently

Use a mild fabric cleaner or a solution of water and mild detergent. Dampen a soft cloth and gently blot the stain. Do not rub to avoid fabric damage. After cleaning, allow the fabric to air dry but not direct heat dry to avoid fabric shrinkage or damage.

Temperature and Humidity

Avoid direct sunlight. Maintain a consistent room temperature and humidity level to prevent discolouration.

Use Furniture Pads

We recommend placing felt pad protectors under the bed feet to prevent scratches on the floors.

Avoid Excessive Weight

Don't overload the bed beyond its weight capacity.

Again, we thank you for your purchase.
You've made our day, and we hope you have a great one too!
Enjoy your bed!
