GREAT JOB. YOU'RE DONE!

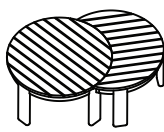

To move the assembled unit, please lift it up and do not drag to avoid breaking some parts and damaging the floor.

When you assemble this table, please make sure all screws are fastened tightly. After one or two months, please recheck and make sure all screws are still tight.

Before using this table, please check if the legs of the table are in an upright position.

Our table can hold weight of up to 120kg. We don't suggest overloading it beyond its weight capacity.

CARE INSTRUCTION

Follow these basic steps to protect your furniture.

Clean Gently

Use a mild wood cleaner or a mixture of water and mild dish soap to clean spills. Wipe the surface gently with a damp cloth, then dry it thoroughly.

Temperature and Humidity

For longevity, avoid prolonged direct sunlight or rain. Avoid direct contact with wet surfaces to prevent warping and cracking. Store indoor in extreme weather.

Extra Care for Timber

It is recommended to varnish it every 6 to 12 months, or as needed, depending on exposure to weather conditions.

Avoid Excessive Weight

Don't overload the unit beyond its weight capacity.
